

# CAWU STCA CANADA *UPDATER*

To All CAWU members

We are happy to announce that the Collective Agreement which 80% of the membership at Jeld-Wen voted in favour, is now signed. This took a lot of time and effort from your Bargaining Committee and we thank you for your incredible support throughout the bargaining process.

Your new Collective Agreement will protect your rights at workplace, will increase your income and will improve your current benefit plan. Rest assured that CAWU will work hard to enforce the terms of the Collective Agreement, protect your rights and make sure your workplace is free of harassment.

In Solidarity,

CAWU Executive and Bargaining Committee
